

Do the world's most efficient LED

Ra97 LED Tracking Light

● Unique design

- Aero-engine appearance
- Efficient heat dissipation
- Can swivel in any orientation
- COB design that does not cast multiple shadows

● Applications

- Shopping malls
- Super markets
- Museums
- Occasions need ultra high CRI

Lighting angle: 15° 24° 38°

PF: > 0.98@110Vac

THD: < 15%

Input voltage: 100-240 Vac , 50/60Hz

CCT: 3000K, 3500K, 4000K, 5000K

Illuminant spec.: 3100lm@45W

2450lm@35W

1750lm@25W

: -25°C ~ +55°C : -40°C--++85°C

Advantages

Superior CRI 97Ra
Can swivel in any orientation
Efficient heat dissipation
No flickering and noise
Low-carbon, no UV, without mercury

Electronic system

Internal driver, efficiency 89%
Input voltage: 100-240Vac
PF > 0.98@110Vac
THD < 15%

Optical system

97Ra
COB Chip
Lighting angle: 15° 24° 38°

Installation
