## Lighting for Canopy

As the competitive among petrol canopies is fierce, first impression plays a key role before decision made by drivers. Low maintenance cost and energy saving are necessary conditions for petrol canopy lighting. Abovelights luminaries with advantages of perfect light distribution and high color rendition index offer outstanding lighting, and can significantly reduce glare. In additional, the slim appearance reduces shipping cost.

**LED luminaries**  
**LED canopy lamp**

Above Lights Mirae LED canopy light feature a slim, low-profile design that is easily mounted below canopies and building overhangs, and saving transport cost for our customers. Super high efficiency 125LPW helps us achieve a bright, clean, safe, and inviting appearance while using significantly less energy than traditional solutions. True 1 for 1 replacement for 250W HID.
